

# SRI LANKAN SUSTAINABILITY AWARDS 2026

## *Sri Lankan Sustainability Awards (SSA)*

Organized by the **Ceylon Institute of Builders (CIOB)**

In partnership with the **14th World Construction Symposium**, and with academic participation from the **University of Moratuwa (BEMRU)**.

The **Ceylon Institute of Builders (CIOB)** is the premier professional body representing the construction industry in Sri Lanka. With a legacy of promoting innovation, sustainability, and industry excellence, CIOB has been instrumental in advancing the national construction agenda through capacity building, international collaboration, and advocacy for green practices.

As part of its continued commitment to sustainability, CIOB proudly presents the **Sri Lankan Sustainability Awards (SSA) 2026**, an inclusive platform to honor individuals, organizations, and systems that demonstrate exceptional leadership and innovation in sustainable development within and connected to the construction sector.

These awards recognize those reshaping the industry through sustainable architecture, eco-design, responsible project management, youth and community engagement, and the integration of clean energy, circular economy practices, and smart technology. SSA 2026 aligns with national goals and global climate action priorities.

We invite you to nominate yourself, your team, or others deserving recognition.
